R. Skema presented CEECAP Project, project partners, project goals and activities of LEI and partners, President of CECED Lithuania Mr. Olencevicius presented members and activities of CECED in Lithuania. Possibilities of cooperation and exchange information in CEECAP project results in other fields were discussed. R. Skema proposed to prepare and to distribute at least 1000 leaflets with information materials about labeling for shops assistants and the general public. Authorities of CECED Lithuania preliminary agreed to support preparation and printing leaflet.

Opinion of CECED Lithuania Authorities about CEECAP project was very positive. Decision was to have regularly meetings for exchange information in energy labeling field.

**5 September 2006**

Meeting for individual consultation in Lithuanian Energy Institute. Participants: Romualdas Skema, Vygandas Gaigalis from LEI, JSC “Snaige” Mr. Albinas Valasinas (manufacture of refrigerators), JSC “Salcio takas” Mr. Dainius Kraynas (manager of sales).

R. Skema presented CEECAP Project, project partners, project goals and partners activities in this project. Mr. Valasinas, D. Kraynas presented his activities in energy labeling field. Discussed about general situation in labeling field in Lithuania. The information, related household appliances rate, efficiency, sales evolution of the energy classes are still very poor in Lithuania.

CEECAP project is very in time, is interesting and will be very useful increasing information about labeling in Lithuania and other countries.

Possibilities of training managers of sales, other responsible peoples were discussed.

Final decision was to continue regular meetings for exchange information and project results. Manufacture JSC “Snaige” will support CEECAP project with information, other data.

## 17 November 2006

Meeting for individual consultations in Lithuanian Energy Institute. Participants: Romualdas Skema from LEI, Mr. Rolandas Luksta “Whirpool Lithuania”, Mrs. Rita Jasaitiene JSC “Senukai”, Mr. Vytautas Strickis JSC “Utena”.

R. Skema presented CEECAP Project, project partners, goals, activities of LEI and partners. Participants presented his activities, information about energy labeling usage (participants are managers of sales). Opinion all participants was that information on energy labeling is poor, exist many problems for using it.

A detailed cooperation with representatives of managers of sales, which are members of Lithuanian Office of CEECAP were discussed. These activities include a preparation national leaflet, training responsible peoples about labeling, other.

This will ensure that the manufactures, retailers will pay higher attention to the issue of labeling in their marketing activities.
